Jake --
Not sure the letter is finalized yet -- I can try to get a copy but I was putting together some info for you earlier today and got sidetracked. See if this info is useful...
Key Messages:

EPA is considering the Shaffer Equipment/Arbuckle Creek Area site for proposal on to the National Priorities List (NPL) and is requesting the Governor's letter of support at this time. As a matter of policy, EPA requests state support prior to the proposal of any site for addition to the NPL.

A letter from the Governor does not guarantee that the site will be proposed to the NPL; however, it is a major step in the process.

Can you share Cosmo's letter to Gov Justice? It will help us draft our release. We need to make sure we use the same language you do.

Thanks -
